2021 MEDIA KIT

LOCALLY OWNED. COMMUNITY FOCUSED.

Monticello Media is a Charlottesville based company formed in 2007 solely to purchase and operate five local radio stations serving Central Virginia and Shenandoah Valley area listeners and businesses.

As a small business, just like many of the businesses we work with, we take pride in supporting local businesses first and foremost because their success is our success.

As the area's only privately held broadcast company, we don't have to weigh the whims of Wall Street against the needs of the constituents we serve.

Our broadcast and digital products are designed to satisfy the interest and desires of our community and to allow area businesses to reach and motivate their most desirable consumers. We work with our clients to develop an efficient marketing plan to target prospects.
